**The contest schedule is a working document. Please check back for updates posted on the webpage.**

The number of students allowed to compete at the state conference may change. If six or less from all districts are reported then we allow 1<sup>st</sup> and 2<sup>nd</sup> place to advance to the state level. If seven or more are reported we allow 1<sup>st</sup> place to advance. However, many of our Technical Chairs would like to invite more students to participate at the state level and have asked that several places from the district level advance to compete at the state level. These changes are reflected in this document. Technical information test eligibility will follow suit.

**ONLY the APP schedule will be updated after Monday, March 27<sup>th</sup>. App is available for download Wed Mar 24<sup>th</sup>.**

You may also download the SkillsUSA Texas app for more information. Please delete any previous versions of the app you may have on your phone. There will be many new features this year and no prior versions will have current information.
