How to Access the SkillsUSA Technical Standards
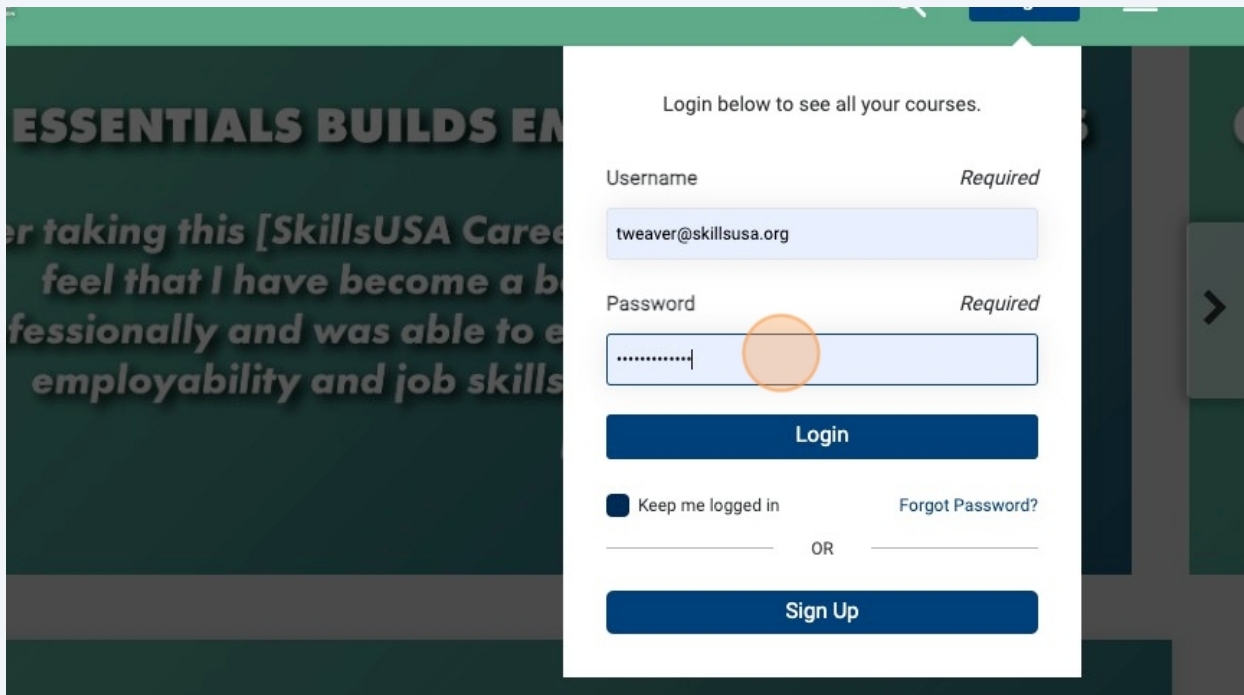

1 Go to: **https://mycareeressentials.org/#/public-dashboard**Then you will want to click "Login" in the top right

2 Once you fill out your Username (the same email that is attached to your professional membership) and password that you created click "Login"

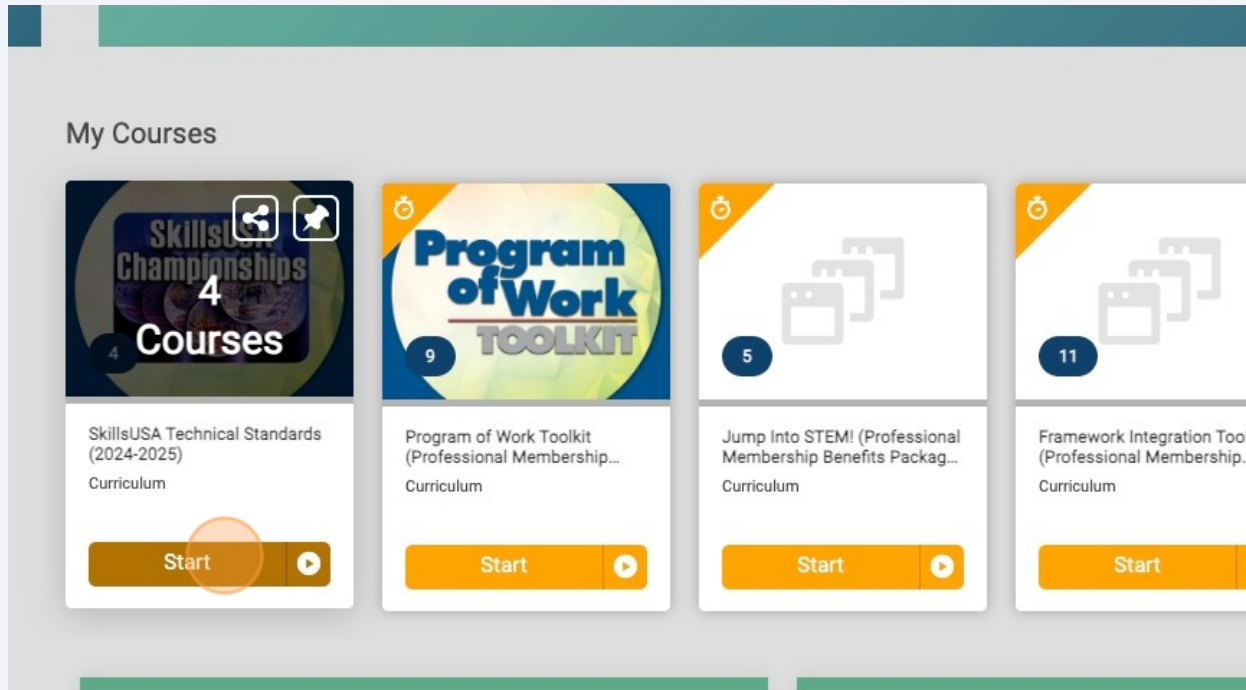

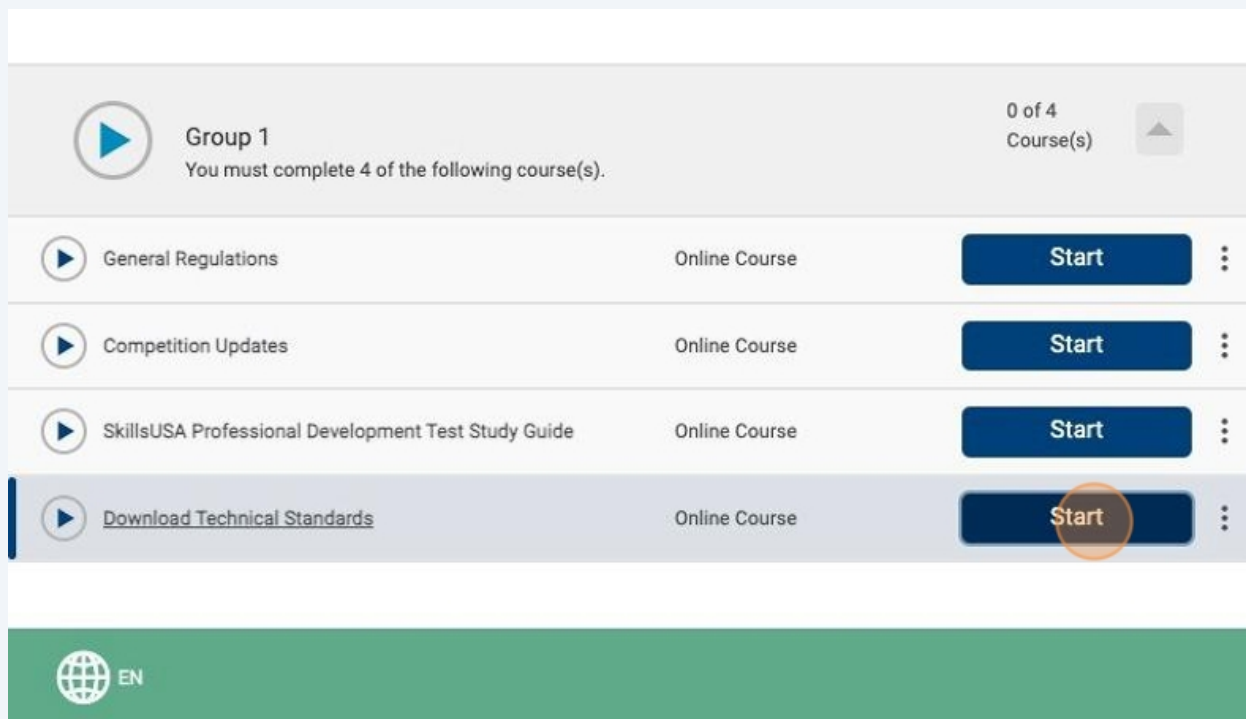

3 Then you will be on the Dashboard

4 Scroll down and see **My Courses** and this is where all your professional benefits will be located. To access the Technical Standards, you will see the *SkillsUSA Technical Standards 2024-2025* tile and click "Start"

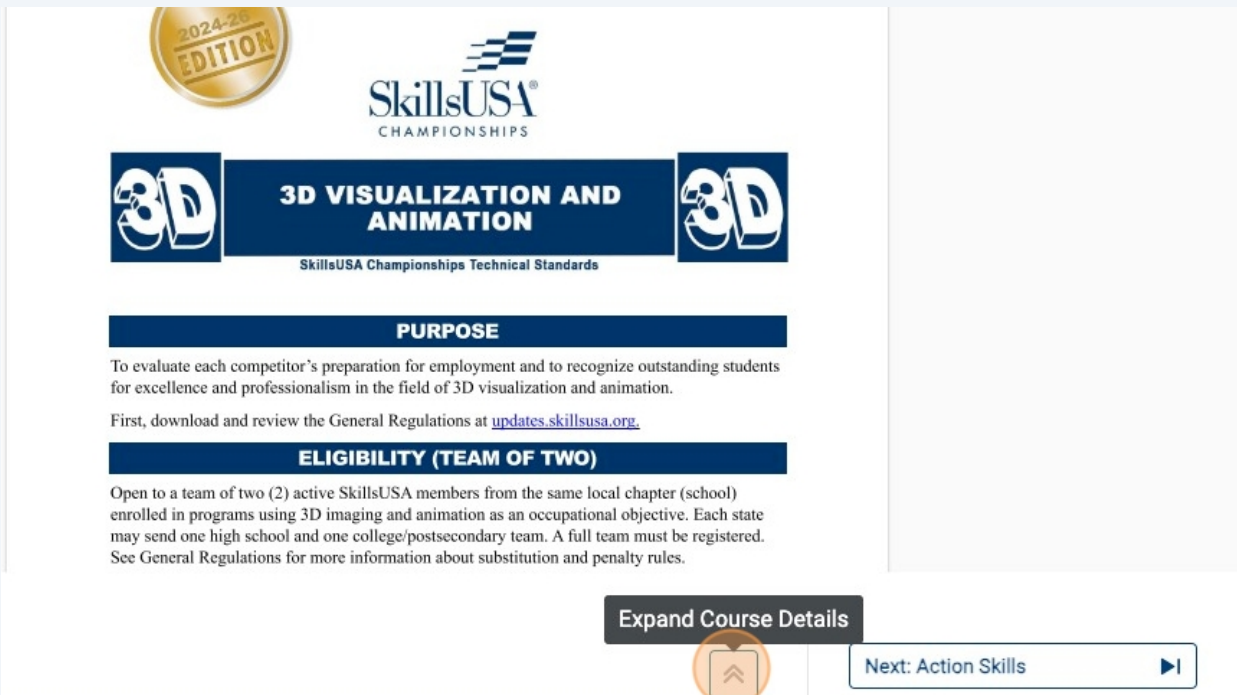

5 On this next page, you will go **Download Technical Standards** and hit *Enroll* and then "Start" like captured below
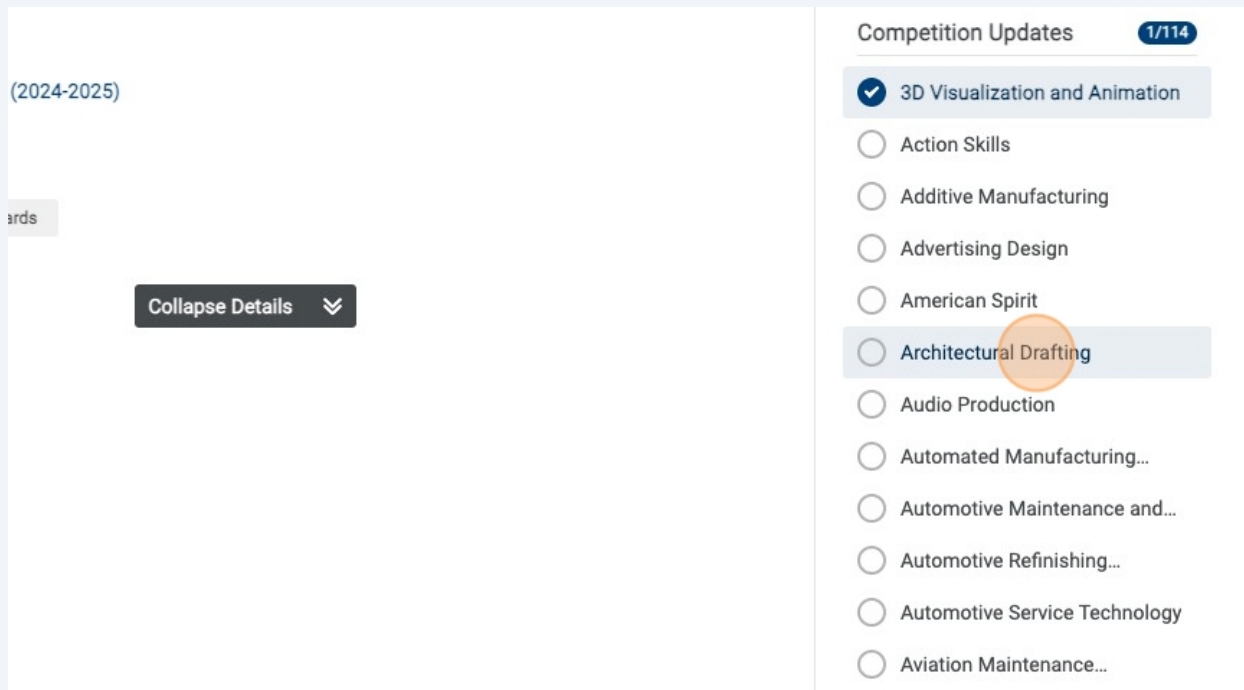

6 Depending how your webpage is set up, you will be able to view the different competitions with the **two arrows** pointing up below

7 Once you click the two arrows, you will have the options to select which competition standards you are wanting to view and download. I selected "Architectural Drafting"

8 Then you will want to *collapse course details* to view the document
